

Revitalising Tonic

Key Ingredients:

Siegesbeckia Extract

Noted for its remarkable antiseptic, antibacterial and anti-inflammatory properties, Siegesbeckia extract helps to disinfect the skin gently to prevent acne.

Chamomile Distillate

Chamomile is ultra-soothing and calming for irritated, inflamed skin.

Cucumber Extract

Soothing and softening, cucumber extract is great for tired, stressed skin. It also contains amino acids and organic acids that help to strengthen your skin's acid mantle.

Hibiscus Extract

Used widely in African traditional medicine for treating skin problems, Hibiscus extract is a wonderful astringent and tonic for the skin. It is rich in polysaccharides to moisturize and soothe irritated skin.

Honeysuckle Extract

In traditional herbalism, honeysuckle is recognized as a herb with remarkable detoxifying, anti-itching and anti-inflammatory properties.

Rose Extract

We use only extracts from rosebuds picked right after dawn because they contain the highest concentration of actives. Rose is known for its wonderful skin beautifying properties and it helps in skin regeneration.

Revitalising Tonic feel great after cleansing your skin because it instantly balances and refreshes your skin. At the same time, they prepares your skin for receiving optimal skin treatment from other Vitasence products. Apply directly onto your face and pat until fully absorbed. Can be used at any time of the day as a revitalizing skin pick-me-up!

Revitalising Tonic are 100% free of alcohol, colour and fragrance.

Revitalising Tonic 150ml

Suitable For All Skin Types

Composed of a fine blend of pure herbal distillate from chamomile, Siegesbeckia, cucumber, hibiscus, honeysuckle and rose, Revitalising Tonic is a soothing and refreshing toner that helps your skin regain its natural equilibrium.
